

Painting & Decorating

Apprenticeship Level 3

An apprenticeship can be a smart, cost-effective way of taking on a new recruit to work in your construction business, or to train up an existing member of staff.

This apprenticeship is ideally suited to helping an existing trainee develop more advanced skills. Your trainee will work on a construction site or in domestic and commercial premises to given specifications preparing background surfaces for painting and decorating, applying paint to complex surfaces by brush and roller; also, hanging wall coverings to complex surfaces.

At the end of their apprenticeship, your trainee will be able to work as a skilled painter and decorator in your team and should be in a position to train for a supervisory role.

Key Areas of Study

There are two vocational qualifications to this apprenticeship: firstly, a Level 3 Diploma in Painting & Decorating; secondly, a Level 3 NVQ in Decorative Finishing – Painting and Decorating.

Your trainee will cover essential knowledge, skills and competencies in both the technical diploma and the NVQ. The menu of units is detailed below, including optional units from which you and your trainee can select the areas of most importance to your organisation.

Quick Information:

Modern Apprenticeships designed with employers

Sector:

Construction

Who is it for?

New recruits and existing staff

Start date:

Flexible to suit employers

Level:

Level 3

Duration:

Minimum 12 months

How does it work?

Delivered in your workplace with one day a week at College and assessor visits every 6 to 8 weeks

Content:

Key competence and knowledge to suit your organisation

Assessment:

Work-based assessments throughout the course and theory and practical tests at College

Qualification:

Level 3 Diploma in Painting & Decorating;

Level 3 NVQ in Decorative Finishing –
Painting and Decorating

Technical diploma units

Mandatory units

- Health, safety and welfare in construction
- Erecting and dismantling access equipment and working platforms
- Principles of organising, planning and pricing construction work
- Applying hangings to walls and ceilings
- Producing specialist finishes for painted decorative work
- Producing specialist architectural finishes for decorative work
- Applying water-borne paint systems using airless equipment
- Applying water-borne paint systems using High Volume Low Pressure (HVL) spray equipment

NVQ units

Mandatory units

- Conforming to general health, safety and welfare in the workplace
- Erecting and dismantling access/working platforms in the workplace
- Confirming the occupational method of work in the workplace
- Confirming work activities and resources for an occupational work area in the workplace
- Applying paint systems to complex surfaces by brush in the workplace
- Developing and maintaining good occupational working relationships in the workplace
- Preparing surfaces for painting/decorating in the workplace

There is also a choice of two out of 17 optional units, determined by the type of work carried out on site.

Training, Tutoring and Assessment

The whole programme takes 12 months to complete. Your trainee will mainly learn on the job, but the apprenticeship also includes 20% off-the-job training. Over the 12-month period, your apprentice will spend four days a week working with you on site as a trainee and the other one day a week in College building their skills and knowledge.

Whilst at College, your apprentice will receive training to cover the technical diploma units of the qualification. The technical diploma is assessed through unit theory tests and practical end tests carried out in the College's workshop.

For the NVQ, assessment involves building a portfolio of evidence gathered in the workplace which demonstrates that trainees have covered the range of skills required for their qualification.

We will support you and your trainee through regular one-to-one visits by a trained assessor every six to eight weeks. These visits will cover one-to-one support and individual learning, as well as observations to assess your trainee's competencies in the workplace and a review of their portfolio of evidence.

Apprentice Entry Requirements

Apprentices will be required to have 4 x GCSEs with minimum Grades D / 3 (or equivalents), including English and Maths, prior to being accepted onto this apprenticeship. In addition, if they haven't done so already, apprentices must achieve Level 2 Functional Skills in English and Maths. We will provide any English and Maths tuition required.

Experience in the industry is essential.

Future/Other Opportunities

- Advanced Apprenticeship in Construction & the Built Environment Level 3
- Higher Apprenticeship in Construction Management Level 4
- NVQ in Construction Supervision/Management

Successful completion of this course enables learners to apply for the CSCS Gold (Advanced Craft) card.

More information

To find out more about the opportunities and financing of apprenticeships and to discuss your particular requirements, please email employer@sheffcol.ac.uk or call **0114 260 2600** to speak to one of our friendly employer advisors.

Why choose The Sheffield College?

As one of the region's largest providers of apprenticeships, The Sheffield College is more than just your local provider; we deliver the dedicated support you need to source, train and get the best out of your apprentice.

We have undertaken significant capital investment in supporting our construction trades provision. Staff are fully qualified and have vast experience within the industry, continuing to work on site themselves in some cases. This ensures that we stay up to date with the latest industry techniques and any new materials that come on to the market. It also means that we can relate well to trainees' own experiences in the workplace and provide pastoral support in addition to guidance related to the course.

We appreciate how difficult and time consuming it can be to recruit staff. That's why, when you recruit an apprentice with us, our dedicated apprenticeship recruitment service, Job Connect, will advertise the vacancy, engage your candidates and even pre-screen them to make the process as easy as possible for you.

We help you get the best deal by finding the right funding and we handle the paperwork to make the process of arranging an apprenticeship training programme as smooth as possible. Our employer partnership team, apprenticeship tutors and assessment staff are experts, and we invest time and money in training and upskilling them regularly so their knowledge is up-to-date and industry standard.

At The Sheffield College we go above and beyond; we know that every business is different and we help to develop apprentices who will meet the needs of your business.
