

Dry Lining Apprenticeship Level 2

This brand new course is for recent entrants to the sector, as well as existing employees, to progress in their career as a dry liner. Dry lining is the fitting of plaster board or other board material to finish walls and ceilings instead of the more traditional plastering. Join us in our newly built facilities at City campus to develop the practical hand skills and technical knowledge required to work as a professional dry liner in the Construction Industry.

Quick Information

Qualification:

Date: On Application

The Diploma is assessed through unit theory tests and practical end tests carried out in the college workshop.

For the NVQ, assessment involves building a portfolio of evidence gathered in the workplace which demonstrates that

Assessment: apprentices cover the range of skills required for their qualification.

In addition, apprentices will be expected to complete initial assessments in English and Maths to ensure they are working at a suitable level in these subjects.

Level: 2

Area: Construction & Building Services

Course Code: CWIDL1

About the Course

This Level 2 Apprenticeship allows you to work on a construction site or domestic and commercial premises installing dry finishes such as plasterboard and wall board to given specifications; fixed and joined together ready to receive decorative finishes.

As part of the course you will complete the following qualifications:

- Level 2 Diploma in Dry Lining
- Level 2 NVQ in Interior Systems – Dry Lining Fixing
- Functional Skills in English and Maths (if not previously achieved)

For the duration of your apprenticeship (two years) you will spend four days a week working with an employer on site, as an apprentice dry liner, and the other one day per week in college building on the skills and knowledge you have learned.
