2020-2021 A Guide for School Leavers
OPEN DAYS
OPEN DAYS

We hold Open Days throughout the year so you don’t have to just take our word for why you should join us. We want you to see for yourself!

Our City, Hillsborough, Olive Grove and Peaks Campuses will be open on the dates across the page. You’ll have the opportunity to:

- meet the people who will be teaching you and discuss in detail what your study programme involves
- tour our fantastic facilities and see where you’ll be studying
- find out more about how to travel to our campuses, including our excellent bus, tram and rail links
- speak to our Careers Team about your interests, ambitions and what career path to follow to achieve them
- take a look at examples of work you'll be doing on your study programme
- see where you’ll be spending your spare time on campus, including our Lavazza coffee shops, refectories, Revive Beauty Salon and The Silver Plate Restaurant
- get the chance to look at our sports teams and enrichment offer, and the clubs and societies we have for you to join
- enjoy interactive taster sessions and discover what you like
- find out what support will be available to you
- To find out which subject areas are based at which campus on the night, take a look through the curriculum contents of this guide or visit www.sheffcol.ac.uk/open-days

From 4pm – 7pm

Please note university level information will be available at our City and Hillsborough Campuses only.
Head to www.sheffcol.ac.uk/open-days to book your place or just turn up on the day. We look forward to meeting you!
“I HAVE GAINED SO MUCH FROM MY TIME AT THE SHEFFIELD COLLEGE.”

Daniel Ashmore
Former catering student and Head Chef of The Pompadour restaurant at the five-star Waldorf Astoria, Edinburgh
Welcome

Deciding on your next steps after leaving school is exciting and liberating!

You get to choose the subjects that you enjoy, and which play to your interests and strengths.

There’s an exhilarating sense of freedom that comes with that, as well as responsibility. We are here to help you make the choice that is right for you.

We offer a great range of study programmes that will help you go further in education, training, employment and your long-term career.

You will be able to start at the qualification that is best for you with the opportunity to progress in your career pathway.

Our students learn in multi-million pound facilities at four main campuses across the city, all easily accessible by public transport.

In addition to some great study programmes and facilities, we provide valuable careers information, advice and guidance as you progress towards achieving your goals.

After completing studies with us, the majority of our students go on to a wide range of destinations, including Apprenticeships, further training, employment and university.

We are really proud of our diverse student community and offer many enrichment activities, including trips, sports and getting involved with our Students’ Union.

College life is different from school. Do get in touch to find out more. We look forward to welcoming you.

---

On average, learners who achieve a Level 3 qualification will earn £6,888 a year more than someone with no formal qualifications in the Sheffield City Region. This equates to approximately £261.7 thousand in higher earnings over a working lifetime.
JOIN US

At The Sheffield College you have an unrivalled choice of study programmes and A Levels to choose from.

Alternatively, you may prefer to gain experience and new skills on-the-job whilst earning a wage with an Apprenticeship. We offer exactly the right option to help you go further; not only in the first instance but also as you grow, develop and progress.

Our study programmes, A Levels and Apprenticeships focus on your personal and academic development, as well as your progression to help you achieve your career goals as we work with you throughout your journey.

Our key focus is ensuring your career success, and creating opportunities and experiences so that you gain as many key employability skills as possible. By the time you leave us, we want you to feel confident applying for university or employment so that you stand out in competitive situations.

To give you every opportunity to succeed, we include masterclasses by professionals, visits to the workplace, industry placements, mentoring, careers advice, projects set by employers, and opportunities to exhibit work and make presentations in everything we do.

All of this comes from within a college that sits at the heart of a vibrant city alongside two of the UK’s largest universities. With over 50,000 students in Sheffield, student life is rich, varied and enjoyable.

With us, you’ll be able to join sports teams, societies and clubs, enjoy days out and trips away, and take advantage of our fantastic fitness, beauty and catering facilities.

We look forward to welcoming you.
THE SILVER PLATE RESTAURANT

Nestled within our City Campus overlooking the Sheffield skyline, The Sheffield College has a culinary secret we would like to share with you – The Silver Plate Restaurant.

As a catering and hospitality student at The Sheffield College, you’ll get the opportunity to train and work in our incredible, award-winning restaurant.

The Silver Plate is managed by our fantastic catering and hospitality students under the supervision of our expert staff; some of whom are Master Chefs of Great Britain.

Serving exquisite, varied and locally sourced food throughout the week, the award-winning Silver Plate Restaurant allows students to showcase their talent as we host tasting menus, lunch and evening meals, and our sought after themed nights to the public.

Students get the chance to go further in the kitchens or front-of-house roles as they provide high quality food and exceptional silver service.

The department has recently been awarded a much coveted Hospitality Guild Gold accreditation, with Patisserie and Food & Beverage Service recognised as Centres for Excellence.

In addition, The Silver Plate Restaurant has retained its award of the prestigious AA College Rosette Highly Commended award.

Our students working in the restaurant have also won numerous awards, including Young Restaurant Team of the Year and Young Master Chef of the Year.

The Silver Plate Restaurant has links with a range of top industry chefs who are past students of The Sheffield College. They include Rupert Rowley, former Head Chef of Michelin starred restaurant Fischer’s at Baslow, and Tom Lawson of AA Rosette restaurant, Rafters. These chefs regularly hold guest lectures for our students and support them to provide our customers with the highest quality food and service.

If you’re interested in studying catering and hospitality, we feel confident in saying there’s no better place to do it than The Silver Plate Restaurant and The Sheffield College.

Make sure you pop in and take a look when you visit one of our Open Days.

Sample menu

Starters
Smoked haddock fishcake, hollandaise sauce
Goat’s cheese & herb parfait, beetroot
Roasted tomato & basil soup

Mains
Pan fried hake, mussel chowder

Sweet potato, caramelised onion & spinach tart, watercress served with seasonal vegetables

Desserts
Chocolate mousse, toasted marshmallow & hazelnuts
Yorkshire parkin, Tomlinson’s rhubarb
Crème brulee, lavender shortbread
REVIVE HAIR AND BEAUTY SALON

Whether you’re a budding hair stylist, beauty therapist, beautician or make-up artist, hair and beauty study programmes and Apprenticeships at The Sheffield College give you the opportunity to learn your trade in our hair and beauty salon, Revive.

Revive is open to the public, and operates exactly like every other hair and beauty salon in Sheffield; with receptionists, paying facilities and real customers. As a hair and beauty student you’ll be an integral part of the team, with responsibilities to represent and promote the salon, keep the salon stocked, look after customers and perform treatments – exactly as you will when you enter the world of work.

Revive sample treatments

LEARNING RESOURCE CENTRES

At each of our four main campuses we have a Learning Resource Centre – or LRC as they’re more commonly known amongst our students.

Our Learning Resource Centres offer a wide variety of print and electronic resources to support your learning and help you go further. We have an excellent collection of resources, including books, journals, newspapers, videos, CDs, DVDs and access to a wide range of electronic resources through our online Discovery Service.

The Learning Resources Team provide a proactive and responsive service, supporting the learning needs of all of our students. We have a dedicated team of staff who offer one-to-one support with study skills, as well as subject-specific study support.

When you first start at The Sheffield College you will have an induction in the LRC. The staff there will explain exactly what they do and how you can access their support. You will also be introduced to the lending system we operate to enhance your study.

Throughout the year, the LRC offers workshops on essential study skills such as notetaking, research and referencing. You’ll definitely find their skills workshops very useful and we recommend seeing them sooner rather than later.

As a student at The Sheffield College, you’ll have access to LRCs at all of our campuses, regardless of which one you study at.

Throughout the year, the LRC offers workshops on essential study skills such as notetaking, research and referencing. You'll definitely find their skills workshops very useful and we recommend seeing them sooner rather than later.

As a student at The Sheffield College, you'll have access to LRCs at all of our campuses, regardless of which one you study at.

At each of our four main campuses we have a Learning Resource Centre – or LRC as they're more commonly known amongst our students.
When you join The Sheffield College you’re joining us for far more than a qualification.

For us, it’s about your whole experience as we put you at the heart of everything we do. We want to help you progress through your qualifications so that you can achieve your end goal, whatever that might be. From the minute you walk through the door, the experience and the environment that we create is focused on maximising your potential.

It’s about preparing and motivating you for a fresh and focused career pathway. We will help you to go further by equipping you with the skills, knowledge and expertise to successfully apply for jobs, Apprenticeship vacancies and university level study.

Joining us is one of the first steps you take towards the world of work so we ensure that your experience is designed specifically around your needs and also what employers are looking for.

As you begin to start completing applications for further study and/or employment, your main qualification will only be one of the things taken into consideration.

Universities and employers will also want to know about your employability skills, your personal development and career experience, English and Maths qualifications, and study skills. Your student experience at The Sheffield College will ensure that you are equipped with everything you need in order for you to be successful.

See the next few pages for some examples of what we offer to our students during their time with us.
STUDENT EXPERIENCE — WHAT’S INCLUDED?

Your technical/academic qualification
When you enrol to study with us, you are signing up for a technical or academic qualification. It’ll be one of the qualifications that you will find at the back of this guide and have hopefully come to find out more about at one of our Open Days.

You’ll spend your time working with us to achieve this qualification before progressing to the next qualification, university level study or employment.

Enrichment
Pursuing hobbies, interests and sports whilst studying is a great way to keep yourself mentally and physically active, meet like-minded people, and get involved in the things that you love.

Whether it’s just for fun or competitively, our enrichment offers give you opportunities to join clubs, societies and sports teams, as well as to go on exclusive trips and visits.

We can also support you with enterprise skills if setting up your own business is of interest to you.

Career experience
Gaining experience in relevant industries to your qualification is really important and something employers expect to see on job applications.

Getting that experience can be difficult, so we make sure that you complete industry tasters as part of your college experience. We will match you to a placement based on your study programme and interests, and support you through the process, providing regular feedback and training.

See page 34 for more details

Employability skills
Employability skills are also known as key skills, which should give you an indication of how important they are. They are the personal skills that everyone requires if they want to be successful at university or in work, including:

- time-management
- problem solving
- communication
- working as a team
- initiative

During lessons, career fairs and other events, we will develop your employability skills by explaining how you can demonstrate them in interviews and applications, and in your working life.

Our Careers Team can also support you with other tips and advice for interviews and completing applications.

See page 34 for more details

English, Maths and study skills support
Apprenticeship applications, university applications and job applications; you will find that all of these applications will be asking you to prove that you have grade 4 English and Maths qualifications.

Why are they so important? Well, it’s because they are unavoidable. You’ll be using them in just about everything you do, whatever that happens to be.

We will help you to gain those qualifications alongside your course if you need to improve them to the required level.

See page 38 for more details

Student support
We want you to know that you can always ask us for help with anything to do with your study programme, Apprenticeship and progress. We will monitor and support your learning through tutorials. During your tutorials we will be able to address any concerns that you have, update you on progression and employment opportunities, and support you with filling in applications for future courses, university or a job.

You will be able to access expert support from our Careers Team during your studies.

See page 40 for more details

STUDENT EXPERIENCE — WHAT’S INCLUDED?

GO FURTHER
SPORT

Sport lies deep in the roots of Sheffield and its people. We take an enormous amount of pride in the city’s rich sporting heritage.

At The Sheffield College you will have the chance to be part of our sports teams and continue the city’s sporting legacy on our floodlit, 3G all-weather pitches at Hillsborough, in our fully equipped gyms, sports halls and dance studios.

You don’t need to be enrolled on a sport study programme to get involved, everyone has the opportunity to take part in any of the sessions at any of our campuses, which include:

- athletics
- badminton
- basketball
- cricket
- football
- futsal
- table tennis

Of course, it’s up to you as to how seriously you want to take it.

If you’re a serious competitor, our football and netball teams give you the opportunity to represent the college in the British Colleges League to compete and develop your skills at a national level.

Our Basketball Academy play in the invitation-only Academy Basketball League (ABL) due to their continued success. Joining The Sheffield College Basketball Academy and studying our Level 3 Sport Basketball Elite Performance Route will give you the chance to train with professional coaches at the college and play in this top league.

We also prepare you to compete in the Association of Colleges regional and national competitions.

If you’d rather just get involved for a bit of fun and to keep fit as part of your enrichment, we have activities for you too! You’ll also have access to our gym facilities and sports halls which you can book for your own activities.

Our sports activators will also be hosting activities at different campuses throughout the year from tennis, indoor cricket and 5-a-side football.

If you love sport, this is the place to be.
CLUBS, TRIPS AND SOCIETIES

We go further to ensure that you get the best learning and cultural experiences possible to enhance your time with us. Recently, we’ve taken students to New York, Beijing, London, Berlin, Morocco, Iceland, Bruges, behind the scenes at East Midlands Airport, Whitby and even Florence in Italy.

There’s a club and society for almost everything, from Chess through to our Media Society – perfect for pursuing hobbies new and old, and meeting like-minded people who share your passions. Remember, if we don’t have what you’re looking for, we’ll help you to set up your own! Here’s a list of a few below:

- Arts club
- Athletics
- Badminton
- Book club
- Chess
- Dance club
- Enterprise
- Fitness classes
- Football
- LGBTQ
- Media society
- Netball
- Students’ Union
- Table tennis
- Tennis
- Volleyball
- Volunteering

Embrace it! Go on a number of trips, join clubs and try new activities that can enhance your time at college.
STUDENTS’ UNION

Your Students’ Union gives you the chance to influence and input on the shape of The Sheffield College of now, and in the future. Your SU gives you a voice and a platform for change, a chance to express your views, and the opportunity to make a real impact on community, local, national and educational matters.

Your SU acts as an independent body working in partnership with the college to provide the best quality education and experience to students.

The SU is led by a student-elected President and is supported on the college’s governing body by a student governor, and on the union by 12 other part-time voluntary executive officers.

They provide services alongside those already provided by the college, hosting events and stalls to raise awareness of issues which are important to you – all to make your experience at The Sheffield College even better.

The affiliation to the National Union of Students means our students are eligible to buy an NUS Totum card (powered by NUS extra), costing only £14.99 for 12 months. This card offers fantastic discounts at hundreds of shops, restaurants and cinemas across the city and online, including:

- 10% off at Co-op supermarkets
- 10% off at ASOS
- 25% off Odeon cinema student priced tickets
- Up to 40% off at Las Iguanas
- 42,000 international discounts

Buy your card online or from the SU president!

Over the past few years the SU have achieved a lot! Since relaunching they have placed equality at the forefront of their work, including:

- working to defeat the discrimination and stigma attached to mental health
- discussing lowering the voting age to 16 with MPs
- running a voter registration drive to ensure students had the right to vote in the 2017 General Election, helping over 200 students to register
- promoting the Love Our Colleges campaign for fairer funding for FE colleges
- introducing clubs and societies for all students
- becoming the first FE college to have a Camerados living room
- setting up online voting for student elections
- discussing English and Maths GCSE resits with the national media

YOSH KOSMINSKY
LGBT Officer

“I’m delighted to have been able to support LGBTQ+ students at The Sheffield College and empower them to create the spaces they want and need. We need to do more for our LGBTQ+ young people, our disabled young people and our young people of colour.”
TEACHING

Insight, knowledge, passion and commitment. Real industry experts. Our excellent teaching staff have worked, or are still working, in the industry that you are trying to break into.

They are all about you. It’s their job to support you on your career path from start to finish. They go further to help you go further.

The industry insight that our tutors possess allows them to share their knowledge and experiences with you, including what to expect when you qualify, what problems you might experience and how to overcome them. It also means they can open doors for networking and arrange some unrivalled behind-the-scenes trips to the workplace.

This experience is invaluable to your progression and their passion for the industry gives you a fantastic advantage when it comes to applying for a job.

And, of course, they want to see their industry be the best it possibly can be in the future – that’s where you come in!

Joe Hunt
Catering Tutor at The Sheffield College

“Before teaching I worked for Hugh Fearnley Whittingstall’s River Cottage. Now I love passing on my skills and knowledge to the next generation of chefs.”
WHAT CAN I STUDY?

Working out what to do after you finish school to help you get the career you want can be overwhelming and a little confusing. There are so many choices and different study options to think about, but it’s also very exciting!

We’ve broken it down so you can have a clear look at the differences between them all and how they work. Take note of the advantages of each, the entry requirements, and work out which suits you and your ambitions best. Don’t worry if you’re still unsure, we can help with careers advice to clear things up.

We offer three different career routes:

APPRENTICESHIPS

If the classroom isn’t an environment where you thrive, and you’d like to earn a wage, learn on-the-job and work towards a qualification, one of our Apprenticeships would be perfect for you.

You’ll be employed in a full-time job, working for one of the companies we work with to develop the skills you need to be successful. Typically you’ll spend one day a week in college and the rest of your working week with your employer.

All Apprenticeships are subject to finding an employer, either from one of our live vacancies or one of your own. Apprenticeships are offered at Intermediate, Advanced and Higher levels, meaning there is the opportunity for you to progress and study up to degree level – our team will help you find a vacancy which is suited best to your interests and career journey.

<table>
<thead>
<tr>
<th>Level of study</th>
<th>Typical entry requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>Intermediate Apprenticeship (Level 2)</td>
<td>4 GCSEs of a minimum grade 3, including a minimum grade 3 in</td>
</tr>
<tr>
<td></td>
<td>English Language and Maths*</td>
</tr>
<tr>
<td>Advanced Apprenticeship (Level 3)</td>
<td>4 GCSEs of a minimum grade 4, including a minimum grade 4 in</td>
</tr>
<tr>
<td></td>
<td>English Language and Maths*</td>
</tr>
</tbody>
</table>

*Please note that a number of Apprenticeships require qualifications and grades set by employers that are additional to those stated above. Please visit www.sheffcol.ac.uk/apprenticeships for more detailed information.

Call us on 0114 260 2600 today or email info@sheffcol.ac.uk for further advice and information. For careers advice, please email CEIAG@sheffcol.ac.uk
**STUDY PROGRAMMES**

If you'd like to stay in full-time education and prefer the idea of job-specific technical qualifications, our study programmes are perfect for you. You’ll learn career-specific skills in facilities that replicate the ones you’ll eventually work in. When you have applied, you will be invited to an interview with the course tutors who will place you on the right qualification in relation to your career journey and interests.

<table>
<thead>
<tr>
<th>Level of study</th>
<th>Explanation</th>
<th>Typical entry requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Entry Level</strong></td>
<td>If you currently have no formal qualifications this may be your best option. Entry Level study programmes offer a basic understanding of a subject area, help to enhance your career prospects, and improve your English and Maths skills</td>
<td>No formal qualifications but you will be invited for an interview/assessment</td>
</tr>
<tr>
<td><strong>Level 1</strong></td>
<td>Level 1 study programmes are practical and prepare you with skills for a specific career. You will gain a wide range of background knowledge in your chosen subject. There will be the chance to improve your English, Maths and ICT skills</td>
<td>4 GCSEs at grade 2, including English Language</td>
</tr>
<tr>
<td><strong>Level 2</strong></td>
<td>Level 2 study programmes equip you with the skills you need for a specific career. You will start to specialise in the areas you find the most interesting, but are still broad enough to give you a wide range of progression opportunities if you’re not sure what you’d like to do in the future</td>
<td>4 GCSEs at grade 3, including English Language Some study programmes with high practical content will require you to start at Level 1 as you will need to build skills in these areas</td>
</tr>
<tr>
<td><strong>Level 3</strong></td>
<td>Level 3 study programmes usually last one or two years, and offer more specialised, advanced learning which give you the skills and knowledge to progress directly into a job, a Higher Apprenticeship or university level course</td>
<td>4 GCSEs at grade 4 or above, plus a grade 4 or above in English Language Some study programmes with high practical content will require you to start at Level 1 as you will need to build skills in these areas</td>
</tr>
</tbody>
</table>
## A LEVELS

Hopes of going to university? A Levels are a great way to get there. Typically you’ll study three or four academic subjects of your choice, consisting of exams and coursework as you work towards gaining UCAS points, and improving your study and research skills.

<table>
<thead>
<tr>
<th>Level of study</th>
<th>Typical entry requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>3 A Levels</td>
<td>5 GCSEs at grade 4 or higher, including English Language and Maths</td>
</tr>
<tr>
<td>4 A Levels</td>
<td>6 GCSEs at grade 6 or higher, including English Language and Maths</td>
</tr>
</tbody>
</table>

Certain A Levels will require a grade 6 or above in a specific subject. Please refer to our website for more detailed information.

Please note all entry requirements are to be used as a guide only.

You’ll find the most detailed and up-to-date entry requirements for each study programme on our website ([www.sheffcol.ac.uk/courses](http://www.sheffcol.ac.uk/courses)). Course specific entry requirements are at the back of this guide. For some of our study programmes you may need to have specific subjects and grades at GCSE level as part of our entry requirements.

If you haven’t got a grade 4 or 5 and above in GCSE English and Maths, don’t worry. On the majority of our study programmes we are able to support you to get this alongside your main qualification.
GETTING YOU READY FOR WORK

As our study programmes are designed to help you go further, we work closely with a number of employers to ensure you receive the exact skills, industry-specific knowledge and opportunities to make you stand out throughout your career. This year our students have had the opportunity to work with a number of companies on a range of live projects, be part of masterclasses and much more.

Just to give you an idea, this year our students have had the opportunity to work with the following companies:

- Aston Hall Hotel
- Copthorne Hotel
- Department for Education
- Drop Dead Clothing
- Ecco Theatre Arts
- Greene King
- JD Sports Fashion PLC
- MAG Orthotics Ltd
- McDonald's
- Mercure Hotel
- Playmania
- Premier Inn
- Sheffield International Venues
- Sheffield Sports Stadiums
- Sheffield United Football Club
- Sheffield Wednesday Football Club
- SUMO Digital
- Trevor French Photography
- Vets For Pets
- Wetherspoons

JONAH JERRISON-CARTER
Graphic design student

“I really enjoyed the experience of working with a professional company for a live assignment. I was provided with a fantastic insight into professional design practice, which has dramatically enhanced my studies.”
GAINING CAREER EXPERIENCE

To help you gain the career experience that you need to go further, we support you to build and develop key employability skills, confidence and your CV to make sure you’re ready for work.

As a student at The Sheffield College, you will be expected to participate in one or more of the below activities:

Industry tasters
Industry tasters are an introduction to the workplace and allow you to experience what it is like to undertake a job; working alongside and supervised by staff already in the work environment. Tasters may be a project that you work on with an external employer.

Industry placements
Industry placements will give you a valuable opportunity to put your learning into practice, develop your technical skills and become more employable. You will experience a placement that is in a job role relevant to your study programme and career aspirations.

Enrichment activities
The activities and experiences you enjoy both inside and outside of college are amazing for the development of skills such as commitment, good citizenship, initiative, leadership and team spirit. Enrichment activities fit into your timetable and will be offered internally or externally to ensure you get a good choice to match your needs and interests.

Enterprise
Fancy yourself as an entrepreneur or future business owner? Our enterprise opportunities will teach you more about risk taking, finances, planning, media and marketing. Giving you the opportunity to be bold and creative, enterprise will be a great choice of enrichment activity.
SKILLS ACADEMIES

We’ve been working hard to create some exclusive opportunities for career experience with a host of new employers.

Our brand new skills academies are in partnership with a number of local and national employers. They will provide you with specialist opportunities related to the activities of the business which is attached to that academy, as well as the chance to:

- explore all aspects of the businesses
- listen to specialist speakers
- go on workplace visits
- undertake industry placements
- work on special projects
- be part of Masterclasses
- gain references for your CV

The academies will all have their own interactive classrooms or spaces within the college that are branded in their colours.

ENGLISH AND MATHS

To be successful in your career, you’re going to need a minimum grade 4 in English Language and Maths. They are essential for your future progression, whether onto a higher level study programme, university, an Apprenticeship or into employment.

We want you to achieve your full potential. If you don’t already have a grade 4 in these vital subjects when you join us, English and Maths will form an essential part of your studies whatever subject you’re studying. At the beginning of the year we will assess your skills in English and Maths, and enrol you in the appropriate class where necessary.

Classes will focus on embedding English and Maths skills so that they will come naturally to you when studying, working or applying for new opportunities. If you are committed to going further, your English and Maths skills are essential.

Not only will you be developing your skills in English and Maths, you will also be developing your communication and employability skills, making your CV stand out further. Tutors will work closely with you to make sure that you make good progress. We hope that you will enjoy studying these subjects with us.

Lessons are engaging and your tutors will pass on their enthusiasm and passions for their subjects, as well as offering:

- catch-up sessions run by English and Maths specialists
- masterclasses on key areas of the syllabus
- online resources so that you can complete further study at home
- revision sessions during term-time and during the holidays
- dedicated resources, such as a GCSE English revision website
- one-to-one support

Your success in English and Maths is at the heart of everything we do at The Sheffield College, and crucial to everything you will do when you progress into work or further learning. We look forward to helping you achieve this.

Contact us on: info@sheffcol.ac.uk or 0114 260 2600 for more information.
STUDENT SUPPORT

We want your college experience to be as enjoyable as possible. We believe that you shouldn’t have to worry about too much other than concentrating on having a great time and doing well on your study programme or Apprenticeship. That’s why we have a fantastic Student Support Team who are always on hand to help you with any questions, concerns or problems that you might face whilst at college.

Our Student Support Team will help you with just about anything, from supporting you with issues of a personal nature, your travel to and from college, and even running through the financial support that may be available to you.

If you require help with your studies, including in-class support, support with exams or a learning or physical disability, we can help.

If you’ve got any problems whilst at college, no matter how small, come and have a chat with our Student Support Team and we’ll do everything we possibly can to make your life that little bit easier!

Careers advice

We know that the decisions you make now can help shape your future career or path to university. That’s why we have our Careers Team on hand to help you plan your future. We will work with you individually, talking you through your ideas and looking at the progression options open to you. You will also be able to access advice through in-class sessions, or at careers fairs and events that we hold regularly.

For example, we can support you through the UCAS application process via a tutor group session or 1-2-1, or keep you up-to-speed with new opportunities and pathways in the ever-changing job market.

You can contact our Careers Team on CEIAG@sheffcol.ac.uk
MONEY

At The Sheffield College we will always do our best to support you through your studies, including with your finances.

We have a specialist support team who can give you all the advice you need, including what financial support might be available to you so that you don’t go short during your studies.

Have a look at the following information to see if you are eligible for any of the financial support options. For the most up-to-date information and to check your eligibility, please visit www.sheffcol.ac.uk/financial-support

FREE COLLEGE MEALS

If you meet the eligibility criteria we’ll be able to support you with some free meals at college. You’ll get a set amount of money that you can use within the college shops and diners each day you’re in college. This will be added to your student ID card which allows you to purchase items via our contactless payment system.

TRAVEL PASSES

Students (including Apprentices) of The Sheffield College who live in South Yorkshire are eligible for a 16–18 Travel Pass, entitling pass holders to cheaper travel on buses and trams in South Yorkshire. Pass holders are also entitled to half-price fares on Northern train services in South Yorkshire. You can apply for a student pass at www.travelsouthyorkshire.com or purchase a value pass from us at reception, including a college-specific product for all ages.

19+ ADVANCED LEARNER LOANS

If you are aged 19 or over, there could be a loan available to help fund your study. You can find full details at: www.gov.uk/advanced-learner-loan

STUDENT SUPPORT FUNDS

If you are enrolled with us you may be eligible to receive support towards the cost of:
- travel
- books and materials
- uniform and equipment
- essential course trips
- DBS checks needed for your course (previously known as CRB)
- childcare

If childcare is affecting your opportunity for further study and you are 19 or under, you may be able to get extra help via the Care to Learn Scheme. Go to www.gov.uk/care-to-learn for more information.

If you are aged 20+, you can apply for the 20+ Childcare Support Fund from the Financial Support Team.

You can find application forms for our Student Support Fund and Childcare Support Fund at: www.sheffcol.ac.uk/financial-support
TRANSPORT

We’re easy to get to.

No matter which of our campuses you’re trying to reach, all are easily accessible by public transport and within walking distances of tram and bus stops. Our City Campus is right by the bus and train station too!

Trams come every 5–10 minutes or so, and buses are frequent to all of our campuses if you don’t fancy the walk. Each campus also contains secure cycle parking.

The Sheffield College by tram stop

**CITY**
- The Sheffield College/Granville Road

**HILLSBOROUGH**
- Hillsborough Interchange

**OLIVE GROVE**
- The Sheffield College/Granville Road

**PEAKS**
- Moss Way

To plan your route to us, simply:

1. Go to [www.travelsouthyorkshire.com](http://www.travelsouthyorkshire.com) and click on the ‘Journey Planner’

2. Enter your postcode and the postcode of the college campus you’re going to

3. Select ‘Arrive By’ and enter a time before you are due to start college

4. Choose your route of travel making sure you give yourself enough time to get to us

5. To get home, simply swap the postcodes in the journey planner and plan your route back!

View our discounted travel fares at [www.sheffcol.ac.uk/student-support/travel](http://www.sheffcol.ac.uk/student-support/travel)
We know that there are a lot of different jobs out there. The list of job roles and job titles can be endless!

Over the next few pages we have listed a sample of the careers each of our subject areas can lead to. We hope that this will give you an idea of the career opportunities our qualifications will give you.

It will also be helpful if you know what career you want to do but don’t know what to study to get there.

Please note that this is just a guide and these careers may need other supporting qualifications.

If you would like to find out more information about our qualifications and career opportunities, contact our Careers Team who can advise on the best routes to employment.

If you’re a real animal lover and have an interest in learning about domestic, exotic and farm animals through a mixture of classroom and practical work, then one of our animal care study programmes is for you.

We have strong links with Whirlow Hall Farm, wildlife parks and other national animal establishments - such as the RSPCA and the Royal Veterinary College - to give you plenty of opportunities to visit and work directly with a variety of animals. You will have the chance to undertake industry placements with different employers in the industry so you can get all the experience you’ll need in a variety of roles.

An average day could include anything from dog grooming and handling birds of prey, to dealing with exotic snakes. We promise a day in animal care is never boring!

Are you comfortable with animals and, more importantly, do you enjoy being around them? Could you imagine yourself supporting them and their owners through upsetting situations?

Our animal care facilities at Hillsborough Campus really make us stand out in the region as one of the top providers. We’ve got dog grooming salons, veterinary suites, kennels, and our links with employers mean you get to learn and work in real facilities giving you a competitive edge in a competitive industry.

The majority of our students go on to careers working at wildlife parks, zoos and kennels, or onto veterinary courses at university. Whatever your interest in animals, we’ve got the study programme for you.
STUDY PROGRAMMES

Extended Diploma in Animal Management with Science
Advanced Veterinary Nursing
Technical Diploma in Animal Care
Diploma in Animal Care

APPRENTICESHIPS

Career: Veterinary nurse
Average annual wage: £19,300 per year
Role: Veterinary nurses provide assistance to veterinarians in the treatment and care of sick or injured animals.

ANIMAL CARE

AUTOMOTIVE

The automotive industry is about much more than car maintenance and repair. With manufacturers such as Tesla leading the way in developing cutting-edge sustainable technology and electric vehicles, a career in automotive could be one of the most varied around.

Our study programmes combine hands-on practical work in our industry-standard workshops, with the relevant theory and technical knowledge.

You'll have the opportunity to get your hands on the tools and equipment that you will use in the workplace, perfectly preparing you for employment.

We also have fantastic links with local employers so you can go further in your career with industry experience, placements or an Apprenticeship.

Our automotive students are based at our recently refurbished Olive Grove Campus, where we have invested over £8 million in state-of-the-art automotive facilities so that you’re getting an experience which replicates a real working environment.

It’s not only our facilities that are impressive – the tutors at Olive Grove have lots of experience and enthusiasm for their industry and your development.

They have lots of experience in the automotive industry making them the ideal people to help you apply your newly acquired knowledge and skills to the real world.

In this sector, it is forecast there will be 21,300 jobs in Sheffield City Region by 2023

Average wages of £26,000 per year

Former motor vehicle maintenance & repair student

“The staff and tutors who taught me at college were brilliant. No question was left unanswered and I was given help if I required it, or asked for it. I learnt the basics of mechanics as well as enhancing my team working skills.”

For the most up-to-date information and entry requirements, please visit [www.sheffcol.ac.uk/courses](http://www.sheffcol.ac.uk/courses)
AVIATION, TOURISM AND EVENTS

Five reasons you should consider a career in aviation, tourism and events:

1. Life experience – there’s no denying that this is the industry to be in if you want to see the world, meet new people and explore new destinations. Whether you’re exploring the world as a member of cabin crew, working in a resort for a tour operator, planning events in exciting locations, running a top-end hotel or working in an airport, you’ll get to meet people from different walks of life and visit some of the best places in the world.

2. Long-term opportunities – some of the largest companies in the world operate in this sector (think Virgin, Tui and Festival Republic). If you’re willing to work hard and put the skills you learn to use, you could have a job for life.

3. Every day is different – as an event planner you could be doing anything from visiting venues to dealing with caterers or designers for invites. As a member of cabin crew you could be travelling to, and exploring, different places in the world every week. You could even be re-booking cancelled flights or selling the many highlights of a tropical island as a travel advisor.

4. Learn skills for life – in the aviation, tourism and events industry you’ll gain skills that employers from every industry will value. From dealing with customers and delivering outstanding customer service, to time management and organisation, your experience will be invaluable!

5. High demand for jobs – this is an industry that is growing and continuing to do so. If you complete a study programme in this area, you know that with hard work and the right attitude, it’s likely you’ll find work in the industry when you graduate.

Now that you’ve decided to do a study programme in this area, let us tell you why you should choose to do it at The Sheffield College...

Facilities – we have the best facilities in the area. Whether it’s our life-size plane simulator or our airport security desk, you’ll get a taste of what doing the job is actually like. Nothing will prepare you for your future career better.

Industry links and work experience – we work with some of the biggest names in the business such as Leeds Bradford Airport, British Airways and Premier Inn, as well as locally at Kelham Island and City Hall.

Trips and experiences – our staff work hard to provide you with the best experiences possible. Whether it’s giving you the opportunity to compete locally and nationally, going on trips to East Midlands Airport, Amsterdam or Morocco, visiting airlines such as Thomas Cook for safety training, or attending special seminars and lectures held by companies in the industry, you’ll know you’ll be getting the best opportunities around.

Teaching staff – our tutors are experts. They’ve worked out in the industry and know what skills employers are looking for in young people; giving you that cutting edge you need when you start looking for jobs.
In this sector, it is forecast there will be 1,200 jobs in Sheffield City Region by 2023
Average wages of £22,000 per year

For the most up-to-date information and entry requirements, please visit www.sheffcol.ac.uk/courses

– English and Maths

JORJA RHODES
Former air cabin crew student

“After leaving The Sheffield College, I got a job with British Airways. I love working with the public, discovering different cultures and, of course, travelling the world is the biggest perk of the job.”
In this sector, it is forecast there will be 128,800 jobs in Sheffield City Region by 2023. Average wages of £27,000 per year.

Business is undoubtedly one of the largest and most important sectors in the world. You will find that its wide variety of occupations cut across every single industry, giving you the opportunity to specialise your business skills for companies that interest you most.

You could be looking to experience the rush of being the founder of a start-up company, joining Sheffield’s ever-increasing and thriving independent scene. Enjoy as you watch the fruits of your labour blossom from a tiny idea to a well-earned profit.

There is a lot more to business than ideas and the set-up. From management to business support and operations, and even law, businesses need a certain infrastructure. Finance and marketing teams, customer service and administration all underpin the success of any business.

You might end up working as head of marketing for a creative design agency, as a solicitor at a top city firm or a finance director for a football club.

At The Sheffield College we have a range of business study programmes to help you get to where you want to be in the sector. We cover all aspects of business with pathways in Accounting, Enterprise, Law and Marketing, or just straight Business.

As part of your study programme, we will help you go further in your learning through a number of industry placements, masterclasses and enterprise events. The design of our study programmes has had input from local employers so that the skills that you learn with us are exactly what’s required in industry.

Students have previously worked with the Master Cutlers Group, Bluebell Wood Hospice and a number of other Sheffield-based organisations to help them with planning and running their events, students have also presented Dragons’ Den-style pitches to a panel of local businesses.

KHALED AL AMERI
Former business student

“I chose The Sheffield College because I found it is the best college in South Yorkshire. I achieved grades D*D* and I am just about to start my university level course at The Sheffield College.”
CATERING AND HOSPITALITY

CATERING AND HOSPITALITY

Would you like to learn how to cook in the top rated student kitchen in the region? How about getting experience in front-of-house roles in a People 1st Gold rated restaurant?

In our award-winning restaurant, The Silver Plate, you’ll put your new skills to the test during our regular themed nights, tasting menus, gourmet nights and lunches, where you’ll get the opportunity to cook for and serve paying customers – either in the kitchens or front-of-house.

Our students are also entered into national competitions as part of their study programme experience, and have previously won Young Master Chef of the Year and Young Pastry Chef of the Year.

Recently a team of our students were crowned UK Young Restaurant Team of the Year which earned them an all expenses-paid trip to Modena, Italy, and included tours of Alma cookery school, a Parmesan factory, a salami factory, a winery and a meal at three-Michelin-star restaurant, Osteria Francescana.

Alternatively you may decide on a career in baking with one of our bakery study programmes. Our bakery department have their own designated kitchen similar to those you’ll find in industry and produce goods for The Silver Plate, Sheffield Wednesday Football Club, as well as to sell at our bakery shop.

The hospitality industry consists of exciting sectors, including hotels, restaurants, cruise ships, contract catering, coffee shops and pubs. It involves lots of different job roles so you will have every opportunity to find what interests you most and get started on your career pathway. You could find yourself working as a chef, waitress, events coordinator or even as a manager.

We work with employers of all sizes across Sheffield who help us to shape our curriculum so when you leave us, you’re safe in the knowledge you’ve got the skills and experience today’s employers are looking for.
CATERING AND HOSPITALITY

Key skills:

DANIEL ASHMORE
Head Chef at The Pompadour restaurant, Waldorf Astoria Edinburgh. Former catering and hospitality student

“I have gained so much from my time at The Sheffield College - I am indebted to my tutors for all the knowledge, time and expertise that they passed on to me. Their passion, drive, creativity and care are inspiring. I still use their recipes today because they are so good.”
If you enjoy working with babies and toddlers, have creative ideas for games and activities, and a strong sense of responsibility, then you could be perfectly suited to a career in childcare. If you’re great at communicating information and think you could inspire a room full of children, then one of our education study programmes could be for you.

Whichever path you choose, studying at The Sheffield College will give you the skills, knowledge and experience to head into a career in childcare or education with confidence.

Not only will you learn about areas such as child development and working with parents, you’ll also develop transferable skills like communication and First Aid that will come in handy in a wide variety of jobs – not just those in a school or nursery.

In this industry experience is key and very important when it comes to applying for a job. That’s why all of our study programmes include industry placements or tasters that will allow you to put your theoretical knowledge to the test, helping you to feel more confident in your abilities when it comes to applying for jobs.

We’ve got extensive relationships with nurseries throughout Sheffield, including our own Ofsted rated ‘Good’ and ‘Outstanding’ nurseries at our City and Hillsborough Campuses. We also work alongside local schools and other childcare facilities to give you the chance of gaining experience by going on industry placements.
Childcare and Education

Key skills:
- Sensitivity and understanding
- Attentive
- Caring attitude
- Patience
- Counselling skills
- Good listener
- Creative
- Flexible and adaptive
- Persistence and determination
- Great communicator
- Knowledge of teaching
- Ability to create the best conditions for learning
- Knowledge of psychology of learning
- English and Maths

Ayesha Nadeem
Former childcare and education student

"Attending The Sheffield College has made a real difference to my future as it has made my dream of working with children become a reality. I have gained valuable work experience from a placement in which I developed and extended my skills in childcare."

Career: Primary and nursery education teachers
Average annual wage: £44,800 per year
Role: Primary and nursery education teaching professionals plan, organise and provide instruction to children at all levels up to the age of entry into secondary education.

In this sector, it is forecast there will be 72,500 jobs in Sheffield City Region by 2023
Average wages of £25,000 per year

For the most up-to-date information and entry requirements, please visit www.sheffcol.ac.uk/courses
Civil engineering is a varied profession vital to the design, construction and maintenance of all building projects; such as the roads, tunnels, bridges, dams, transport infrastructures and power stations. We could go on.

Our civil engineering study programmes have a strong emphasis on sustainable construction and Computer Aided Design (CAD). You will learn how to use digital levels, total stations and electric distance machines to give you a solid understanding of the subject, whilst learning the latest sustainable construction methods.

Our tutors have strong links with employers in the region, including on a number of major construction and regeneration projects taking place in Sheffield. These links have allowed students to gain vital experience through site visits to the developing Chinatown and the Heart of the City II.

Sheffield is an exciting place to study civil engineering with many students continuing their study with us to university level.

In this sector, it is forecast there will be 8,900 jobs in Sheffield City Region by 2023

Average wages of £35,000 per year
CIVIL ENGINEERING

Key skills:
- Knowledge of geography
- Knowledge of engineering, science and technology
- Attention to detail
- Analytical thinker
- Knowledge of building and construction
- Problem-solver
- Team player
- Persistence and determination
- Ability to remain calm under pressure
- Business management skills
- Customer service skills
- Design skills
- English and Maths

KRIStian Denton
Former civil engineering student

“I learnt a number of key skills during my five years studying at The Sheffield College. Aside from the fundamental principles of civil engineering, I also gained confidence in presenting, report writing and inter-personal skills, all of which have translated into my working life.”
CONSTRUCTION AND BUILDING TRADES

The construction industry is in global demand and moving fast! Everywhere you look something is being built, being fixed. Look at Sheffield; the landscape is ever-changing with new buildings going up, old buildings being renovated and a city centre undergoing a huge transformation.

As the demand for construction increases, so does the demand for skilled, qualified workers. At The Sheffield College we teach the most sustainable construction methods across a variety of occupations. Our construction study programmes are based at our City and Olive Grove Campuses, and include dedicated facilities with experienced tutors who have worked in the industry.

At our City Campus, we have upgraded our carpentry and joinery workshops to make sure that you are learning using the latest equipment. We also have a dedicated brickwork workshop right next door.

If bringing a job together and applying the finishing touches is more your thing, you can practise painting, cutting in and wallpapering in our decorating centre, complete with individual workstations.

Alternatively you could flex your creative skills with a Sign Making Apprenticeship. This involves anything from making traditional hand-painted signs, to using CAD and 3D printers to develop eye catching digital signs with an employer.

Over at Olive Grove, we host our plumbing and electrical engineering qualifications where they both have dedicated, industry-standard workshops.

We know that the business side of the construction industry is just as important as the skills side as many people are self-employed. We will help you cover the basics of pricing up jobs, how to communicate with customers, and the management of people to get you up and running if that’s your career pathway.

Key skills:
- Knowledge of building and construction
- Team player
- Attentive and thorough
- Practical skills
- Problem-solver
- Customer service skills
- Business management skills
- Analytical thinking skills
- Adaptable and open to change
- Logical
- Organised
- Good communicator
- Ability to accept criticism and offer solutions
- English and Maths

AARON NICHOLSON
Former brickwork student

“I studied for all of my brickwork qualifications at The Sheffield College. The tutors went above and beyond for me and even helped me to get a job with Scorpio Builders.”
In this sector, it is forecast there will be 39,400 jobs in Sheffield City Region by 2023.

Average wages of £32,200 per year.
For the most up-to-date information and entry requirements, please visit www.sheffcol.ac.uk/courses

**STUDY PROGRAMMES**

- Diploma in Electrical Installation
- Diploma in Brickwork
- Diploma in Painting & Decorating
- Diploma in Carpentry & Joinery
- Diploma in Plumbing

**APPRENTICESHIPS**

- Advanced Plumbing
- Advanced Carpentry & Joinery
- Advanced Painting & Decorating
- Intermediate Construction Building (Maintenance Operations)
- Intermediate Plumbing & Heating
- Intermediate Dry Lining
- Intermediate Painting & Decorating
- Intermediate Plastering
- Intermediate Bricklaying

**Career:** Painter and decorator  
**Average annual wage:** £22,200 per year  
**Role:** Apply paint, varnish, wallpaper and other protective and decorative materials to interior and exterior walls and surfaces, paint designs on wood, glass, metal, plastics and other materials, and stain, wax and French polish wood surfaces by hand.
Design and Visual Arts

Sheffield is absolutely brimming with creativity! We’re a city that’s famous for making things, from cutlery and steel, to public art and web apps. We’ve got independent art galleries, quirky exhibition spaces and design agencies working in almost every corner of the city. The sector is diverse and the opportunities plentiful.

No matter which direction your creativity may be taking you, we’ve got a study programme to match. If you’ve got drawing skills and a good grasp of IT then you could be perfect for a design or games design study programme. Maybe your understanding of trends and styles, combined with an eye for individual flair, would make an art and design study programme more up your street?

Our art and design hub is based at our Hillsborough Campus, and is just a stone’s throw from one of Sheffield’s most creative hotspots, Kelham Island.

We’ve invested in state-of-the-art design suites, kitted out with the latest Mac computers and design software. We’ve also got a number of art workshops where you can explore your creativity and develop your skills in screen printing, metalwork, pottery and more.

Our tutors have backgrounds in a variety of creative professions, so all of them have the experience required to offer you the best support and guidance when it comes to careers. Many of them still work in the industry today!

You will get the opportunity to work on live design projects set by local businesses and go on industry placements to prepare you for the world of work – something employers love to see on your CV. You’ll also get to showcase your work in our end of year show, visited by design agencies and other local employers – the perfect opportunity to land yourself that job or university place.

We’re also keen that you experience as many creative influences as possible so we’re always organising trips for students to experience new things. In the past couple of years alone we’ve taken our students to New York, Iceland and Berlin to name but a few!
**STUDY PROGRAMMES**

Extended Diploma in
3D Design

Extended Diploma in
Fine Art

Extended Diploma in
Fashion & Textiles

Extended Diploma in
NextGen Games Animation & VFX Skills

Extended Diploma in
Graphic Design

18+ Foundation Diploma in
Art & Design

Diploma in
Art & Design

Diploma in
Games Design & Interactive Media

Introductory Diploma in
Games, Film & Photography

---

**DESIGN AND VISUAL ARTS**

**Key skills:**
- Design skills
- Attention to detail
- Digital literacy
- Creativity
- Open to change
- Good communicator
- An interest in the arts and media
- Ability to use your initiative
- Customer service
- English and Maths

---

SASHA BUSHNELL
Art and design student

“When I came to The Sheffield College I didn’t really know what to do with myself, but my tutor inspired me. Working independently on projects has really helped me to grow up and learn to manage my time, it’s given me some skills that I’ll never forget.”

---

For the most up-to-date information and entry requirements, please visit [www.sheffcol.ac.uk/courses](http://www.sheffcol.ac.uk/courses)
To coincide with some of the biggest global engineering companies such as Boeing and Rolls Royce making a move back to Sheffield, we invested several million pounds in our Olive Grove Campus to ensure that we continue the tradition of developing high-skilled, innovative engineers. The workshops and teaching facilities you will be studying in rival the very best, replicating those that you will use out in industry, with the latest machinery and CAD software.

A career in engineering really can be as diverse or as specialist as you desire. Our courses in Engineering, and Electrical and Electronic Engineering help you go further into highly technical careers in the development of aerospace technologies, the latest in low carbon and renewable energies, as well as looking into modern day manufacture of materials such as steel.

Engineering is inventive, it’s creative and is ever influenced by new, ground-breaking technologies like VR, 3D printing, drones, robotics and nanotechnologies.

At The Sheffield College we pride ourselves on our links with high-profile employers. The engineering department works closely with Liberty Speciality Steels, Sheffield Forgemasters and many other leading employers to meet their training requirements. These relationships enable us to improve our provision so that you’re learning the exact skills that your future employer will be looking for, with plenty of opportunities for you to go on industry placements and learn from industry specialists.
For the most up-to-date information and entry requirements, please visit www.sheffcol.ac.uk/courses

**ENGINEERING**

**Key skills:**

- Knowledge of engineering, science and technology
- Analytical thinker
- English and Maths
- Attention to detail
- Ability to work well with your hands
- Team player
- Ability to operate and control equipment
- Design skills
- Communication
- Digital literacy

**AYESHA AHMED**  
Former engineering student

“I chose The Sheffield College because the facilities looked amazing, the qualification is equivalent to three A Levels (but taught me much more practical, work-related skills) and it enabled me to go onto university.”

In this sector, it is forecast there will be 100,000 jobs in Sheffield City Region by 2023

Average wages of £30,000 per year
In this sector, it is forecast there will be 2,900 jobs in Sheffield City Region by 2023

HAIR AND BEAUTY

Are you interested in starting a career that involves working with people to make them look and feel their best?

Do you:
love experimenting with new hair styles or applying make-up?
spend forever scrolling through Instagram checking out the latest celeb hair and make-up trends?
love the idea of working in a luxurious beauty spa?
dream about working in media make-up and special effects?

If any of this sounds just like you, one of our hair and beauty study programmes is the perfect match.

Our hair and beauty department has built a reputation amongst employers as the best in the city. We’ll show you everything you need to make it in the industry by working in Revive, our working salon with paying customers.

You’ll learn everything from working on reception to ordering products, creating price lists, hosting special events and treating customers. We’ll teach you everything you need to know to work in a salon, hairdressers, spa, on set, or to set up your own business.

Beauty doesn’t just have to be confined to a salon environment though. Our media make-up programmes prepare you for careers on film, theatre and tv sets by exploring the latest special effects make-up and techniques.

During your time with us we’ll help you to shine and get spotted by employers. Our students take part in various competitions throughout the year where you’ll get to showcase the skills you’ve learnt and test yourself against national competition.

We know that in today’s environment you’ll need more than just hair and beauty skills; you’ll also need to learn how to run a business, deal with customers, manage a company and so much more. That’s why our study programmes aim to make you work ready – something today’s employers love to see.
**STUDY PROGRAMMES**

- Diploma in **Beauty Therapy**
- Diploma in **Hairdressing**
- Diploma in **Hair & Media Make-up (Kryolan Skills Academy)**
- Certificate/Diploma in **Hairdressing**
- Diploma in **Beauty Therapy**
- Diploma in **Hair & Media Make-up**
- **Award in Hair & Beauty**

**APPRENTICESHIPS**

- Intermediate **Hairdressing Professional**
- Intermediate **Barbering**

**HAIR AND BEAUTY**

**Key skills:**
- Customer service skills
- Good listener
- Creativity
- Attention to detail
- Patience
- Design skills
- Interest in the latest trends
- Sensitivity and understanding
- Communication
- English and Maths

**IMANI HAMILTON**
Former hair and media make-up student

“After I finished my Level 2 Diploma in Hair and Media Make-up at The Sheffield College, I decided to stay on and study for my Level 3 in the same course. I decided to stay at the college because I knew it would give me the experience, skills and knowledge I needed to become a successful make-up artist.”

**Career:** Hairdressing or beauty salon manager
**Average annual wage:** £24,200 per year

**Role:** Salon managers plan, organise, direct and co-ordinate the activities and resources of hairdressing salons, beauty treatment and similar establishments.

HEALTH AND SOCIAL CARE

The health and social care sector makes up a huge proportion of the jobs market in the UK, with the NHS alone employing 1.5 million people. Regardless of whether you go into nursing, social work or something else, all of these careers have one thing in common - they’re all incredibly rewarding.

At The Sheffield College we know that working in the health and social care sector can be challenging, so we do everything we can to prepare you for work in the industry.

One of the best ways that we can prepare you for employment is to make sure you’re familiar with the environment you’ll be working in. That’s why our campuses feature a state-of-the-art emergency care training suite, complete with a mock hospital ward, patient care manikins and ultrasound machines.

What’s more, our tutors are experts in their professional specialisms, with loads of experience under their belts. Who better to give you advice and guidance on getting into the career you want than someone who has worked in that role?

You’ll also benefit from the expert knowledge of industry experts delivering masterclasses on key subjects and have the opportunity to take part in visits to the workplace to supplement your learning.

Our study programmes also have an element of undertaking industry placements or industry tasters, so you can feel confident that you’re prepared for the working environment once you finish your studies. Having that experience on your CV will make you stand out to potential employers in this competitive industry.

In this sector, it is forecast there will be 120,200 jobs in Sheffield City Region by 2023

Average wages of £23,000 per year
For the most up-to-date information and entry requirements, please visit www.sheffcol.ac.uk/courses

HEALTH AND SOCIAL CARE

Key skills:
- Sensitivity and understanding
- Good listener
- Non-judgemental
- Patience and ability to remain calm
- Communication
- An interest in wellbeing and safety of others
- Fast thinker
- Team player
- Initiative
- English and Maths

AARON GLEDHILL
Healthcare Apprentice

“My tutor was great, he was really invested in what we were doing. I have now moved onto a Higher Apprenticeship which will help me progress my career to become a band 4 biomedical support worker at the St James Hospital, Leeds.”

Career: Nurse
Average annual wage: £34,200 per year
Role: Nurses provide general and/or specialised nursing care for the sick, injured and others in need of such care, assist medical doctors with their tasks and work with other healthcare professionals and within teams of healthcare workers. They advise on and teach nursing practice.
The IT and computing industry is one of the biggest and fastest-growing sectors around; there isn’t an employer out there who doesn’t use technology in one form or another. With developments happening each and everyday, there’s never been a more exciting time to get into the industry.

As developments in the IT and computing sector continue to grow so quickly, we ensure that we stay on top of industry standards by providing students with the best resources and recently refurbished learning environments, including specialist computing labs and LEGO innovation robotics suites.

We have also teamed up with top Silicon Valley tech company, WANdisco and fast-growing networking and cyber security company, Millgate, to create specialist skills academies.

The skills academies will offer you an incredible insight into two huge companies in the industry, and include work on exclusive projects, work in branded classrooms and placement opportunities.

Our tutors have backgrounds in almost every area of IT, and many have extensive professional experience so they’re great at helping you apply theoretical knowledge to real life situations. They keep up-to-date with new technological developments so you’re always learning the skills and content that are at the cutting edge.

All of our study programmes focus on making you as employable as possible, so you’ll develop the practical skills and theoretical knowledge you need to make you stand out to employers. This could include learning to write code or mastering popular software applications that are often required of network or desktop support engineers.

Visits to leading companies are also included as part of your student experience. Recently we visited ARM, a multi-million pound chip designer, who we will be working on projects with very soon.
**STUDY PROGRAMMES**

- Diploma in Information Technology
- Diploma in IT (Networks & Cyber Security) Milligate Skills Academy
- Diploma in IT (Software & Data) WANdisco Skills Academy
- Introductory Diploma in Information Technology

**APPRENTICESHIPS**

- Advanced Infrastructure Technician
- Advanced Digital Marketer
- Advanced Software Development Technician
- Intermediate IT Practitioner

**IT AND COMPUTING**

**Key skills:**
- Analytical thinker
- English and Maths
- Attention to detail
- Initiative
- Understanding and interest in technology and its development
- Problem-solver
- Ability to come up with new ways of doing things

---

**In this sector, it is forecast there will be 13,500 jobs in Sheffield City Region by 2023**

**ROBERT HENSON**

Apprentice IT Practitioner at Liberty Speciality Steels

“My Apprenticeship has given me the opportunity to combine both study and valuable hands-on work experience in a large IT department at Liberty Speciality Steels. I love all aspects of my job and am extremely fortunate to benefit from the expertise and support of my mentor and colleagues.”
LAND-BASED STUDIES

Sheffield, without doubt, is The Outdoor City. Often referred to as one of Europe’s greenest cities, you might know Sheffield as the gateway to the Peak District. It’s stunning, inspiring, and makes for unrivalled and unique work environments.

Upon completion of one of our land-based study programmes, you could be maintaining and designing country gardens at grand halls like Chatsworth. You could be working as a grounds person, landscape gardener, garden centre operative or even at a historic garden in one of Sheffield’s many green spaces like the Botanical Gardens. Alternatively you could pursue a career as a pitch manager, creating carpet-like pitches at Bramall Lane, Hillsborough or maybe even Wembley.

Such green spaces bring plants and wildlife. Unfortunately their habitats aren’t always in the best condition and need a little love and attention. We will train you to preserve our wonderful environment as an environmental operative for the ranger or wildlife service.

How about working in the floristry industry creating floral designs for birthdays, anniversaries and prestigious events? Or what about creating beautiful bouquets or centre pieces for weddings or other lavish occasions?

With an industry-standard floristry studio and fully automated glasshouses, adding to our industry standard workshops, and latest equipment and machinery, we’ll have you landscaping, growing, trading and arranging flowers in no time at all.

The opportunities to preserve, maintain and create Sheffield’s green spaces have never been better than here at The Sheffield College.
**LAND-BASED STUDIES**

**Key skills:**
- Enjoy working outdoors
- Creativity
- Design skills
- Practical
- Customer service
- Attention to detail
- Ability to work on your own
- Business minded
- English and Maths

---

**ALFIE HULBERT**
Former horticulture Apprentice, Valley Landscapes

“Doing an Apprenticeship jump starts your career which means you develop a strong work ethic. Since completing my Apprenticeship, I now have my own business where I employ another Apprentice.”

---

**In this sector, it is forecast there will be 3,900 jobs in Sheffield City Region by 2023**

**Average wages of £21,000 per year**

---

MEDIA, JOURNALISM AND PHOTOGRAPHY

Sheffield’s pretty high flying when it comes to creative media. Everybody knows that and we’ve got loads of creative companies to boot! So when you say you want to get into media, we don’t blame you.

Our media, journalism and photography study programmes will provide you with the perfect foundation to launch into a career in journalism, social media, photography, film production, marketing or as a high-flying TV executive.

Sound exciting? It really is. We’ve invested millions of pounds in our Hillsborough Campus to provide you with the best media opportunities in the region. We’ve got photography studios, recording studios, a TV studio, edit suites and production facilities for TV, radio and film.

We work with a whole host of local employers in the industry to make sure we open as many doors for you during your time here as possible. Recent opportunities have included filming and reporting on live Sheffield Sharks basketball matches, as well as industry placement projects on short films.

We don’t just expect you to turn up and complete your study programme. We go further to enhance your student experience with us, and help you to ensure your CV will make employers take note.

Our tutors are all experts in their area and many have worked in the industries they teach in. For example, our journalism tutors have worked – and still do work – for newspapers and magazines across the country. They know all the ins and outs of the industry, and there’s nobody better to help you start your career than people who have previously done the job you want.

In this sector, it is forecast there will be 3,700 jobs in Sheffield City Region by 2023

Average wages of £27,000 per year
MEDIA, JOURNALISM AND PHOTOGRAPHY

Key skills:
- Creativity
- Attention to detail
- English and Maths
- Persistence and determination
- Patience
- Interest in media
- Initiative
- Communication skills
- Organisation
- Flexible and open to change
- Ability to work to a brief

RICKY CHARLESWORTH
Former journalism student and senior journalist for The Yorkshire Post

“I decided to study at The Sheffield College because I saw it as a direct path into the career I wanted. The tutors were great, really approachable and always ready to help, and the software and facilities available to me as a student really helped with my course and building my experience.”
PERFORMING ARTS AND MUSIC

Sheffield is known worldwide for its creative talent - think Sean Bean, Arctic Monkeys, Def Leppard, and films like This is England and The Full Monty. You could be the next big thing! In fact we’ve got a pretty good track record of nurturing creative talent – many of our previous students have gone on to careers in TV, film, West End theatre, music production, band management, on cruise ships and loads more.

We’ve also got loads of opportunities for those of you who prefer to be backstage or behind the camera. You can hone your production skills in our industry-standard TV studio, a theatre equipped with professional lighting rigs or a studio full of the latest editing software. Whether on or off-stage, we’ve got a study programme that will suit you.

Professionalism and preparing you for working life is key to all of our study programmes. That’s why we’ve invested millions in our performing arts facilities to provide a fully equipped theatre, TV and dance studios, editing suites for film and music, recording studios and loads of rehearsal spaces.

You’ll also get plenty of chances to work on full-scale productions and briefs set by industry professionals, such as the BBC, so you’ll know what it takes to deliver a creative project to a professional standard, no matter what your specialism is.

As a student at The Sheffield College you will also be part of regular productions to the public in our theatre. You will cover all aspects of putting on a show, including event organisation, promotion and performance.

Some of our latest productions include Grease, Fragments of War and Little Women, and have even been staged at Kelham Island Museum.

You’ll be mentored throughout by tutors who have all had experience in the creative industries, so they’re well placed to give you advice and guidance about breaking into the industry or taking the next step into university or further training.
PERFORMING ARTS AND MUSIC

Key skills:
- Work well under pressure
- Attention to detail
- Creativity
- Enjoy all aspects of performance
- Organised
- Ambitious
- Team player
- Communication
- Confidence
- Determination
- Initiative
- English and Maths

JAKE CHILDE
Former production arts student

“I chose The Sheffield College because of the friendly feel I got on my first visit during an Open Day. The college has given me a lot of different opportunities which have constantly opened new doors to different career paths. From September I will be studying Theatre and Performance Technology at Liverpool Institute for Performing Arts.”

Average wages in this sector are £24,000 per year

For the most up-to-date information and entry requirements, please visit www.sheffcol.ac.uk/courses
At The Sheffield College we offer study programmes in all of these areas. Some of our study programmes are so specialist you’ll find we’re the only college to offer it for miles around.

We’ve invested lots of money in the best facilities to make sure that we can help you go further. We’ve launched a specialist dental lab so that you can learn with the same equipment you’ll be using out in industry.

We’ve got a range of different labs for each subject, so there really is no better place to prepare yourself for the working world or university.

Our staff have all worked out in the industry that they are teaching so they know how important real work experience is for our students. As a result they work hard to make links with local employers so we can offer industry placements, special guest lecturers and trips to supplement your learning.

Can you see yourself sifting through evidence at a crime scene as a forensics expert or developing new equipment for hospitals in one of the region’s leading healthcare technology companies? How about working as a pharmacist helping people with their medicines, or maybe even supporting a dentist as a dental assistant?
STUDY PROGRAMMES

- Extended Diploma in Science with Forensics
- Extended Diploma in Applied Science
- Extended Diploma in Dental Technology
- Extended Certificate in Applied Science
- Diploma in Science

APPRENTICESHIPS

- Advanced Dental Nursing
- Advanced Pharmacy Services
- Advanced Laboratory Technician
- Intermediate Pharmacy Services

In the science sector, it is forecast there will be 1,200 jobs in Sheffield City Region by 2023. Average wages of £40,000 per year.

Science, Dental and Pharmacy

Key skills:
- A good understanding of science
- English and Maths
- Attention to detail
- Concentration
- Problem-solver
- Analytical
- Investigative mind

Career: Pharmacist

Average annual wage: £44,800 per year

Role: Pharmacists dispense drugs and medicines in hospitals and pharmacies and advise on and participate in the development and testing of new drugs, compounds and therapies. They counsel on the proper use and adverse effects of drugs and medicines.

Chris Parker
Former science student

“The tutors at the college make every module interesting and I really believe they’ve helped me get where I am today. I love my job and I’m glad I had the tutors at The Sheffield College to help me discover the career path I wanted and to help me get there.”
Sheffield is a city of esteemed sporting prowess, beautiful outdoor scenery and world-class facilities.

Sheffield has produced Olympic gold medalists, world champions and two great football teams. We’re home to the prestigious English Institute of Sport, training place of Anthony Joshua. Our ice hockey, basketball, netball and rugby teams have all experienced success, and we even go mad for the snooker as it pops its head in for the World Championships. Sheffield is an unrivalled place for you to come and study sport!

At The Sheffield College, we’ve got opportunities in Sport Science, Coaching, Fitness, and a new Elite Basketball pathway. You will study at our Hillsborough Campus in our top class facilities including floodlit 3G pitches, playing fields, sports halls, gym facilities and dance studios.

That’s not all! You’ll also have the chance to represent the college competitively for one of our many teams in the national leagues and gain additional sporting qualifications, including for our Basketball Academy who play in the Academy Basketball League. All this whilst benefiting from our great connections with all the major sporting clubs across the city including Sheffield United, Sheffield Wednesday and Sheffield Sharks.

We’ve got links with hundreds of local employers meaning you’ll get every opportunity possible during your time with us. This could include seminars hosted by guest lecturers who work in the industry, work placements with the biggest names in sport or trips to some of the leading sports establishments in the world. These are the experiences that will make you stand out to future employers and universities, and we’re on hand to give them to you.

UNIFORMED PUBLIC SERVICES

Do you see yourself working on the front line for one of the country’s emergency services, to serve and protect?

You could be:
- enforcing the law for the police
- working within the prison and probation service
- tackling fires with the fire service
- first on the scene with the ambulance service
- protecting the country with the Army, RAF, Royal Marines or the Royal Navy

Saving lives as the first call of response, protecting others from any type of threat or danger, and generally keeping the country safe is as important as any job. It’s not for everyone, but if it’s for you our uniformed public services study programmes will make a whole range of careers available to you.

Whichever area of public services you choose to pursue a career in, the opportunities you’ll have are endless. You will apply the skills that you learn to mock emergency scenarios, including chemical spills and road traffic accidents. We’ll make sure you know exactly what you’re doing if crisis ever struck.

At The Sheffield College we also have strong working links with local emergency services and public sector employers to offer day visits, and as much support as you need to go further with a career into any of the occupations in this industry. We regularly host talks from guest lecturers who work in the public services industries such as paramedics, police officers and the Army. These will give you a real taste of what these careers involve, whilst making some great connections at the same time.
UNIFORMED PUBLIC SERVICES

Key skills:
- Leadership
- Team-player
- Communication
- Decision making
- Problem-solver
- Patience
- Ability to remain calm
- Fitness
- Negotiation
- Sensitivity
- Listening skills
- English and Maths

COLE STEVENSON
Former public services student

“My course helped me develop the vital skills I need for this career, such as problem solving, teamwork and leadership. To say the tutors were great is an understatement. Nothing was ever too much trouble for them and they would go out of their way to help and support me.”

Career: Police officer (sergeant and below)
Average annual wage: £38,900 per year
Role: Police officers (Sergeant and below) co-ordinate and undertake the investigation of crimes, patrol public areas, arrest offenders and suspects and enforce law and order. Officers of the British Transport Police operate within the specialised police service for the railway network across Britain.

Career: Paramedic
Average annual wage: £33,700 per year
Role: Paramedics provide first aid and life support treatment in emergency situations, and transport sick and injured people who require skilled treatment.

A Levels at The Sheffield Sixth Form are varied and exciting, with subjects ranging from Fine Art and Film Studies to English Literature and Physics. You are able to study three or four A Levels at the same time, giving you the chance to enjoy a varied education and keeping your options open for the future.

A perfect route into university, Higher and Degree Apprenticeships, or any career you fancy turning your hand to, you will study A Levels for two years in our brand new Sixth Form at City Campus. You will also gain key skills such as research and report writing to help you succeed in the future, be it at university or in your job.

Before you choose your A Levels it’s important to have a think about what your end goal might be. If you’ve got a university course or career already in mind, you’ll probably find that you will need to choose A Levels that relate to that. If you don’t know yet, don’t worry.

We’ll be on hand to advise you on which subjects you need to take to get you to where you want to be. Just ask!

There will also be support available during your study to help you make those big decisions; which university, which course, which career. We’ll be organising trips to university open days and employer workplaces, as well as supporting you with UCAS applications, CV writing and interview preparation.

By the time you finish with us, you’ll be ready for anything!

**If an academic approach to learning suits you best and you fancy studying more than one subject at a time, A Levels are a great option.**

"I feel so relieved that all of the hard work has finally paid off. Studying at The Sheffield College has been the best educational experience of my life. I've really enjoyed my subjects, the teachers are great and I've had so much fun. The SEND team has been incredible – I couldn't have done it without them.”

**KAT PADMORE**
Former A Level student

Are you liking the idea of working and developing your skills full-time as an Apprentice? We’ve put together a list of Frequently Asked Questions about Apprenticeships to help you with the basics.

Do I get paid for doing an Apprenticeship?
Yes. An Apprenticeship is a full-time job which includes on-the-job training, so you get a qualification at the same time as earning a wage. Most employers pay more than the National Minimum Wage for Apprentices as well.

Do employers value an Apprenticeship on my CV as much as other qualifications?
A recent study found that UK employers cited work experience as their top priority when hiring new candidates. An Apprenticeship shows that you’re not only qualified, but that you already have experience of doing the job you’re applying for – something that is invaluable.

What does an Apprenticeship involve?
Every Apprenticeship is different, but typically you’ll be employed on a full-time basis spending roughly four days a week training and working with your employer, and one day a week in college. Applying for an Apprenticeship is like applying for a job in the sense that you will need a vacancy to apply for.

What subjects can I do an Apprenticeship in?
The list is endless. Here at The Sheffield College we currently offer Apprenticeships in over 30 different subjects. These range from IT to catering, engineering and bakery. You can find our full offer at www.sheffcol.ac.uk/apprenticeships

How do I find an Apprenticeship?
You’ll find all of our Apprenticeships listed within the study programme sections of this guide. However, as an Apprenticeship is a real job, you’ll also need to apply for one of our vacancies. We also have an internal Apprenticeship recruitment team, Job Connect, who’ll help you to find the role you want and help you to apply. Get in touch with them today at jobconnect@sheffcol.ac.uk. All of our live vacancies can be found at www.sheffcol.ac.uk/apprenticeship/vacancies
INCLUSION

The Inclusion offer at The Sheffield College is for students who have a variety of support needs, learning difficulties or disabilities. We offer two different pathways for students with high support needs, designed to give them the opportunity to develop their independence, confidence and skills for social situations, everyday life and work.

1. Pathway for Independent Living
   This pathway is the perfect preparation for students who are looking to take their next step in life. We will promote and develop the experience of living independently, working with students on their self-sufficiency and self-confidence. Students will be introduced to crucial skills for living independently such as travel, cooking, domestic skills, the value of money, forming appropriate relationships, healthy living and being involved in the community.

2. Pathway to Supported Work
   By continuing to develop skills for self-confidence, students will be prepared for a successful working life and gain experience of what it means to be employed as part of a wider team through our fantastic work experience opportunities. Students will be supported with key employability skills throughout and receive regular feedback from our expert staff. On this pathway, students have the opportunity to study and progress on Supported Work Skills, Retail, Work Skills and also gain a Supported Internship with one of our employer partners, including Amey.

We also offer a third pathway which has been designed to help students re-discover their passion for education and work.

3. Pathway to Career Discovery
   Unsure about what the future might hold? This exciting pathway gives students the opportunity to discover new passions and career inspiration through a variety of interactive cross-college curriculum taster sessions, including animal care, catering, horticulture, sport and more. As well as spending time pursuing new interests, students will refresh their English and Maths skills to re-energise their appetite for success.

“IT changes your frame of mind and it helps you to go about things in a proper work place. I wasn’t a very confident person, pretty quiet and shy, but it has opened me up a lot.”

DANNY BREMNER
Pathway to Supported Work
Former intern and now Grounds Maintenance Apprentice at Amey
For the most up-to-date information and entry requirements, please visit www.sheffcol.ac.uk/courses

"AMEY HAVE FILLED MY CONFIDENCE UP SO WELL. I CAN’T BELIEVE I AM STILL HERE."

Ellie Buckley
Pathway to Supported Work
Former intern and now Apprentice at Amey
To apply for a student programme or A Levels, simply follow these steps:

1. **Apply online**
   - If you’re currently in Year 11 and at school in Sheffield, Rotherham or Barnsley you will apply online through Sheffield Progress. Your school will support you through this process.
   - If you are applying from outside of Sheffield, you can apply on our website by clicking ‘Apply Now’ on the page of your chosen study programme or A Levels.
   - If you’re unsure which study programme is right for you, please visit an Open Day to get an idea of what’s on offer, or contact our Learner Recruitment Team on 0114 260 2600 who will be able to help you.

2. **We’ll let you know when we’ve received your application**
   - Check online at Sheffield Progress or, if you have applied through our website, keep an eye on your emails for acknowledgement of receipt.

3. **Application processing**
   - Our expert team will process your application. Please make sure your contact details are accurate as we may need to contact you to discuss further.

4. **Your first choice**
   - We will invite you for an interview or audition. It’s nothing formal, we just want to make sure the course is right for you.

5. **Offer made**
   - We’ll make you a conditional offer and remind you of the entry requirements. If you don’t think you’ll get the grades, don’t worry, we will help you explore alternative options.

6. **Keeping in touch**
   - If anything changes and you don’t want to do the study programme you originally applied for, let us know. Just get in touch and we’ll help you move forward or apply for something else.

7. **Give us a try**
   - You’ll be invited to attend an admissions event to meet your tutors and some of your classmates who will be on your study programme.

8. **Enrol**
   - You’ll be invited to attend a welcome event or enrolment session (we’ll contact you with the exact date and time). You’ll need to bring things like your exam certificates and ID with you. If you don’t get the grades for the study programme you applied for, come to enrolment anyway and we can arrange an alternative study programme for you.

   - If you are applying for an Apprenticeship, please visit [www.sheffcol.ac.uk/apprenticeship/vacancies](http://www.sheffcol.ac.uk/apprenticeship/vacancies) to find one of our live vacancies.
