

Dear applicant,

As part of the Induction process on to Beauty Therapy Level 2, we require you to complete the following task:

One of the first topics you will be studying is Manicure, and in preparation for this we would like you to research the history of Nail Varnish from the 1920s to Modern Day.

A useful YouTube video to watch is "100 Years of Nails/Allure" (please search this title on YouTube.com), which offers an introduction to the topic. You should present your findings as an assignment with images included. Please note there is no minimum number of words required and it may be handwritten if preferred.

In addition to your written task, we also recommend you practice your nail varnishing skills to ensure a neat, even application without varnish touching the cuticle or surrounding skin.

Please bring your completed assignment to College on the first day of term to be marked.

Should you have any queries regarding the task, please do not hesitate to contact us by e-mail at louise.williams@sheffcol.ac.uk, or antonia.clarke@sheffcol.ac.uk

Kind regards,

Hair and Beauty at The Sheffield College
